JOSIAH TURNER, Jr., EDITOR.

AN OPEN POLAR SEA.

Prof. J. B. Maury, in a very interesting article in *Putnam's Magazine*, expresses his belief in Dr. Kane's open Polar sea, and that it can be easily reached by following the Gulf stream, which will give open water all the way. He asserts, on the authority of the Transactions of the Royal Society of London for 1775, that two Dutch whalers in 1655 penetrated to the Pole itself. He quotes from a captain of an American whale ship, who says he had gone "several hundred miles to the northward and eastward from Behring's Strait, and three hundred miles beyond the limit of his chart, and with an open sea still before him, as far as could be seen in that direction." Kotzebue, in 1815, says, as he attempted to pass to the west round the coast of Asia, "The sea was open to the northeast as far as the eye could see," and Commander John Rogers, of the United States North Pacific Exploring Expedition, in 1854-55, says of the same waters: "As far as I went to the northward and eastward, beyond the Straits, I had an open sea, with a current flowing to the northward, and with temperature of water much above that due to the latitude." Prof. Maury holds that there is a Pacific warm current sweeping through Behring's Straits to the Pole, to correspond with the Atlantic Gulf stream, which sweeps around Spitzenbergen, and that by either of these routes the Pole may be reached in safety and an open channel found between the Atlantic and Pacific.

In confirmation of his theory, he treats of birds and fishes and sea-weeds as "dumb guides to the Pole." He shows that birds which feed only on grain and marine plants, and cannot endure the winter cold of the Atlantic coast, have been seen flying northward beyond eighty degrees of latitude; and that vast quantities of marine vegetation are carried by the Gulf stream toward the Polar sea.

The argument is well put in his article, and we may be sure that some enterprising navigator will never be content till the truth of his theory is tested, and it is known whether there be an open current flowing into an open Polar sea.

VOLTAIRE'S LAST HOURS.—In spite of all the infidel philosophers who flocked around Voltaire in the first days of his illness, he gave signs of wishing to return to that God whom he had so often blasphemed. He called for a priest. He afterwards made a written declaration, in which he renounced infidelity, signed by himself and two witnesses. He refused to see his infidel friends; and called for the Lord Jesus. At one time he was discovered trying to pray. He had fallen from his bed in convulsive agonies, and lay foaming with impotent despair on the floor, exclaiming, "Will not this God, whom I have denied, save me too?—Cannot in finite mercy be extended to me!" His physician, called to administer relief, declaring the death of the impious man to be terrible indeed. The Marshal of Richelieu flew from the bedside declaring that the sight of such a death bed was appalling.—He offered the doctor half he possessed, if he would prolong his life six months. When the doctor told him that he would not live six weeks; "Then," said he, "I will go to hell, and you with me." Soon after he expired. Such was the horror of mind in which the arch infidel quitted the world. A terror to all who lished him; a warning to all who are inclined to follow in his steps.

GOOD NATURE AT HOME.—No trait of character is more valuable in a wife than the possession of a sweet temper. Home can never be made happy without it. It is like the flowers that spring up in our pathway, reviving and cheering us. Let a man go home at night, wearied and worn out by the toils of the day, and how soothing is a word dictated by a sweet disposition! It is sunshine falling on his heart. He is happy, and the cares of life are forgotten. A sweet temper has a soothing influence over the minds of the whole family. Worn it is found in the wife and mother, you observe kindness and love predominating over the natural feelings of a bad heart. Smiles, kind words and looks characterize the children, and peace and love have their dwelling there. Study, then, to acquire and retain a sweet temper. It is more valuable than gold. It captivates more than beauty, and to the close of life retains all its freshness and power.

SINGULAR TUMOR.—The English journals give an account of a singular tumor discovered in the stomach of a woman about thirty years of age, who had been under treatment for two years in a London hospital for a disease the nature of which had baffled all the skill of the physicans to determine. On a post mortem examination, a solid tumor, composed of human hair, resembling in appearance a black duck with a very long neck, and weighing nearly two pounds, was found to occupy and nearly completely to fill the stomach and gullet, forming a tolerably accurate mould of those organs, and extending from the stomach almost into the mouth. This remarkable concretude had caused great thickening and ulceration of the stomach, and was the remote cause of death. On enquiry, a sister stated that during the last twelve years she had known the deceased to be in the habit of eating her own hair.

TIME.—When I look upon the tombs of the great' said Addison, 'every emotion of envy dies within me. When I read the epitaph of the beautiful, every inordinate desire goes out. When I see the tombs of the parents themselves, I consider the vanity of *grieving for* those whom we must quickly follow. When I see kings lying over those who deposed them; when I see rival wits placed side by side, or holy men that divided the world with their contests and disputes, I reflect with sorrow and astonishment on the little competitions, factions and debates of mankind. When I read the several dates on the tomb, of some that died as yesterday, and of some 600 years ago, I consider that great day when we shall all of us be contemporaries and make our appearance together.'

MR. SAULSBURY.—Grace Greenwood in her Washington letter to the *Tribune* says I have a perverse liking for Mr. Saulsbury. Aside from the original sin of Democracy, and that one sad infirmity—too often the infirmity of genius—he is, I am told, a gentleman of blameless life of a nature sensitive in honor, affectionate and loyal in friendship. There are few men in that Senate who equal him in varied knowledge and elegant culture.

MEDICAL.

HENRY'S

CARBOLIC

CONSTITUTION RENOVATOR,

OR

BLOOD CLEANSER.

This medicine is known to the faculty as being the concentrated fluid extract of Sarsaparilla united with other valuable medicinal herbs, and is guaranteed as chemically pure.

FOR THE CURE OF

SCROFULA AND CONSUMPTION.

This remedy is compounded expressly for purifying and cleansing the blood of all infirmities, going at once to the fountain-head of disease. It extinguishes

Tumors, Consumption, Syphilis, Skin Eruptions Salt Rheum, Boils, Rheumatism, Waste of Vitality, Scrofula.

We all know that the promiscuous vaccination indulged in during the late war bred the most villainous diseases. Vaccination pus was taken from the arms of many persons full of scrofulous sores.

Then of course the impurities of the scrofulous patient were absorbed in the blood of men otherwise without diseases, and both he same in'ected alike. Men, women and children throughout all the West are most woefully diseased from this cause, and know not, until a few months ago, the origin of it.

Henry's Constitution Renovator

Relieves the Entire System of Pain and aches, enlivens the spirits, and sends new blood

BOUNDING THROUGH EVERY VEIN.

It imparties a

Sparkling Brightness to the Eye,
A Rosy Glow to the Cheek,
A Ruby Tinge to the Lips,
A Clearness to the Head,
Brightness to the Complexion,
Buoyancy to the Spirits,
And Happiness on all sides.

For all affections of the kindneys it is unsurpassed.

People have been rescued, as it were, from the very jaws of death, by a timely use of this great remedy.

EXTRACTS FROM VARIOUS LETTERS.

"Doctor, I was vaccinated at the hospital.—Before that I had no skin disease. Until I had a bottle of your "Constitution Renovator" sent me by Mr. Roper, of Columbia, Mo., I suffered fourteen years with running sores since I used two bottles I am all well except a small sore on the calf of my left leg, and that is getting well fast."

This from a lady.—"And now my skin is as clear and fair as a babe's. My complexion, thanks to your "Renovator," is beautiful.

"Yes yes, I may well say such relief was unknown to me before. Enclosed find five dollars for six bottles; two families here want to try it."

"I was very much troubled with syphilis.—Your remedy seems to be curing me fast. send 6 bottles per Express."

"No more rheumatism. Three bottles of Constitution Renovator have made me a new man."

"Doctor, enclosed find $5 Please send me a supply. Two families here want to try your Constitution Renovator."

We have not space for more of the above extracts, but you can ask your neighbor about the remedy. Every one has something good to say, as it cures every time.

FOR ALL DISEASES OF THE

KIDNEYS, RETENTION OF THE URINE, &c.

And for Female Diseases,

Nervous Prostration, Weakness, General Lassitude, and Want of Appetite, it is unsurpassed.

CAUTION!—In ordering our remedy always place the number of our Post Office Box on your letters. The new law in our New York Post-Office compels this.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!!

No more Exploded Cans!—No more Exploded Lamps!

No more Smoke!—No more Grease!

No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound, soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a safe and brilliant illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

BILLY BLOWS HIS HORN.

Two gentlemen, Messrs. McGaugh and Gary, of Montgomery Ala., were in this State in the vicinity of Greensboro' this week, for the purpose of hiring colored laborers for their cotton farms. They succeeded in employing some forty or fifty, and, on Wednesday they all met at Greensboro' for the purpose of starting South.

Dr. Gary telegraphed to Maj. Smith, President of the N. C. Railroad, asking for a reduction of fare for the employers, but received no answer; a second telegram met with the same silence. Mr. McGaugh then telegraphed, asking him if he would not allow them passage over the road to Charlotte on the same terms that other Roads allowed them to pass. To this telegram Mr. McGaugh received the following answer:

"RALEIGH, N. C. March 2nd, 1870.

W. J. McGAUGH:—We are opposed to taking our citizens out of the State, you must pay full fare. We need them in the next election and I would not be sustained if I connived at anything which would defeat our party.

[Signed] W. A. SMITH.
President."

We think this the most extraordinary business dispatch we ever read or heard of—no fellow to it ever passed over any telegraph line before. Maj. Smith would not reduce the fare to these men for the transportation of their employees, not because of the effect it would have on the interest of his Road, but *because he was opposed to citizens going out of the State;* and yet, he was not opposed to citizens going out of the State because their labor was necessary here at home, but *because his party would need their votes in the next election.*

He "would not be sustained if he connived at anything which would defeat *our* party." And has it come to this, that the Radical party requires its Radical officials to run the public works of the State in the interest of party, and that, too, so far as to interfere with their business operations?

The same spirit which influenced President Smith to refuse to reduce the fare in order to prevent Radical voters leaving the State, would, if he had the power, lead him to forbid any man coming into the State to hire laborers, or any laborer, though as free as Maj. Smith, from hiring himself to work for another, although he might feel and *know* that he was bettering himself thereby.

The same spirit would go further, if it had the power. It would prevent a farmer in Orange county from hiring a colored laborer in, and taking him from Wake, if *party* interest required his *vote* in the latter county, although Wake might be glutted with idle laborers and Orange greatly in need of them.

On the reception of Maj. Smith's answer to the last telegram, the gentlemen named turned their course by way of Danville, Lynchburg and Bristol, to Chattanooga, and thence to Montgomery, finding it cheaper to go all the way round, where Railroad Presidents were not so solicitous about losing party votes as to throw cold water on their application for the usual courtesies in such circumstances.

Now let the people of this State, and all other States, understand, that no business accommodation can be effected with any of our State officials, or State works, if it should militate against the interest of the *party*. We say with any of them; because, if Maj. Smith would not be "sustained" in "conniving" at what might lose the party a *few* votes, then it must be understood as a *rule* by which all other Railroad officials and other State functionaries are to be governed, and we conclude, from the tone and tenor of the telegram, that this consideration is to be paramount and above all business considerations in all such cases.

THE INVESTIGATION TO-DAY.

To day the Committee of the Whole will hear Messrs. Swepson and Littlefield, in regard to their use of the bonds issued to the Western Division of the Western North Carolina Railroad. Whatever showing they may now make, it is very certain the result cannot remove the unfavorable impression that has fastened on the minds of the people, in regard to the management of the bonds, nor undo the mischief that their conduct has given rise to, as affecting the progress of our internal improvements and the good name of the State.

If there has been nothing wrong in the manipulation of these bonds, as has been repeatedly and openly declared, why have not Messrs. Littlefield and Swepson taken pains to correct public opinion on the subject? Why have they not taken proper steps to set *themselves* right before the public; especially when they knew their own reputations were being damaged, and a death-blow being struck at the public work with which they were connected?

The Committee of the Whole may not be able, to-day, to bring out the facts in the matter—they may not be able from the testimony of these men, themselves, to establish their wrongs; but Littlefield and Swepson will find it still *more* difficult to convince the people that they have acted right.

HOUSE OF REPRESENTATIVES.

THURSDAY, March 3, 1870.

House called to order at the usual hour.

REPORTS OF COMMITTEES.

Mr. Seymour, for Committee on Judiciary, reported favorably upon the bill to require a return by Justices of the Peace, of all criminal actions disposed of by them to the Clerk of the Superior Courts. Placed upon the Calendar.

RESOLUTIONS AND BILLS.

By Mr. Justice: A resolution adjourning *sine die* Monday the 14th inst. Lies over.

By Mr. Grier: A bill to incorporate the Masonic Temple Association of Charlotte. Referred.

By Mr. Barnett: A bill to aid in the construction of the Valey R. R. Referred.

By Mr. Pou: A bill to amend the act making Neuse River a lawful fence. Lies over.

By Jno. Leary, col.: A bill in favor of the Sheriff of Cumberland county. Lies over.

By Mr. Malone: A bill to provide for the appointment of Processioners in the several counties of the State. Referred.

By Mr. Moore, of Chowan: A bill to regulate the fees of medical experts in civil and criminal causes. Referred.

On motion of Mr. Pou, the rules were suspended and the bill for the relief of Sheriffs who hold a receipt in full from the Treasurer, was taken up.

Mr. Hodnett moved to amend by inserting the words "or may have receipts on or before the 1st day of April, 1870." Carried.

The bill as amended passed its several readings.

SPECIAL ORDER.

Bill to create a lien in favor of physicians and Surgeons. (the bill provides that the charges of Physicians and Surgeons for services rendered shall be lien upon the real and personal estate of the patient or the person who employs or engages the professional services of such Physician or Surgeon, from and after the rendition of said services.)

Mr. Malone offered a proviso that the lien should not effect the Homestead and personal property exemption.

Mr. Smith took the floor in advocacy of the bill and urged its passage in remarks of some length.

By consent Mr. Malone withdrew his proviso.

Mr. Proctor offered a proviso that the lien shall take effect only from and after the recording of the said lien.

Mr. Hodnett thought this proposition another attempt to wrest from the people the little homesteads given to them by the law; to take from the poor, the little property left them. He hoped the House would not entertain the proposition for a moment.

Mr. Williams, of Harnett, argued in favor of the bill, on the ground that if some such bill was not passed, the physicans would be compelled to attend only those who were able to pay the cash, therefore, it was nothing but humanity to the poor that this measure should be adopted, &c., &c.

Mr. Smith, of Martin, again spoke in support of the bill.

Mr. Sinclair also advocated the measure.

Pending any definite action, the hour arrived for the consideration of bills from the Code Commission and Judiciary Committee.

Bill concerning township Treasurers was considered.

Mr. Malone offered an additional section, requiring magistrates to give security for all moneys which may come into their hands under existing laws.

Mr. Seymour opposed the amendment, on the ground that it would have the effect of turning out a large number now holding appointments, and he believed that that was the design of the gentleman who offered it, &c.

The amendment was voted down by a strict party vote.

Bill to amend chapters 144, 266 and 274, C. C. P., was next next taken up and passed its several readings.

Bill to amend paragraph 199, chapter 4, C. C. P., was taken up and passed its several readings.

Bill concerning Coroners, was next acted upon, and after undergoing some amendment, passed its several readings.

Bill to amend section 199, Code of C. C. P., was considered and passed its several readings.

Bill to require all pleadings in which the signature of any note, bill, bond or other obligation is denied, to be under oath, was taken up and passed its several readings.

Bill to amend the act in relation to Landlord and Tenant, was next considered and passed its several reading.

Bill in relation to investments made by persons acting in a fiduciary capacity, passed its several readings.

Bill in relation to the supply of the acts and resolutions of the General Assembly to the State Library and University, passed its several readings.

Bill to extend the time for transferring actions to the Superior Courts, was taken up, and on motion, was laid on the table.

Mr. Whitley, for Committee on corporations reported favorably upon the bills to incorporate the Masonic Temple Association of Charlotte and to incorporate the town of Magnolia, Duplin; bills were placed upon the calendar.

A message was received from the Senate, concurring in the House amendments to the bill concerning the power and duties of certain State officers.

SPECIAL ORDER.

Bill to empower the Williamston and Tarboro to borrow money by issuing first mortgage bonds, (not to exceed $350,000.

Mr. Moore of Chowan took the floor in explanation of the bill and in urging the passage of the bill, gave a sketch of the management, progress and present condition of the road.

The bill passed its second reading with out debate.

The bill to enable the Wilmington, Charlotte and Rutherford R. R. Co. to complete their road and to authorize the return bonds to the State Treasury. (The bill authorizes the Public Treasurer to return to the Company $300,000 of first mortgage bonds of the Company, deposited in the Treasury to indemnify the State against loss in consequence of her endorsement.)

The bill then passed its second reading.

On motion of Mr. French, the bills in reference to the Williamston and Tarboro' R. R. and the Wilmington, Charlotte and Rutherford R. R., were ordered to be printed and made special order for half past 7 and 8 o'clock respectively for to-morrow evening.

On motion of Mr. Vestal, the rules were suspended and the bill to enable the North western R. R. to complete the first division of their road was taken up.

J. W. Leary, col., moved to reconsider the vote by which Mr. Pou's proviso was adopted. Carried.

The proviso was then voted down and the bill then passed its second reading and was made the special order for to-morrow evening at a quarter past 8 o'clock.

On motion of Mr. Downing, the rules were suspended and the bill to authorize the Commissioners of Union county to levy a special tax, was taken up and passed its several readings by a vote of yeas 53, nays 17.

On motion of Mr. Ragland, the bill in favor of James I. Moore, Sheriff of Granville county, was taken up and passed its several readings.

By Mr. Franklin: A resolution in favor of the Orphans of North Carolina. Lies over.

On motion the House adjourned.

SECURE THE PHYSICIAN.

Editor Sentinel:—We desire through the medium of your columns, briefly to call the attention of the Legislature, to the importance of its taking some steps, to secure the physician in his practice. The Legislature has seen proper to grant a lien in favor of mechanics, undertakers and others, and the interest of the country, in the name of afflicted and suffering humanity, urgently demands that similar security be extended to physicians.

A large proportion of the physician's practice, in the country especially, is among those who have or can take shelter under a Homestead, and whose property is consequently exempt from execution. A large proportion of this class, are disposed to use the advantage that the law gives them.

The practice of medicine has thus become *quite* unremunerative. A large number of physicians have already retired from practice, and those continuing to practice, limit their services to those, whose effects exceed $1500, and to the comparatively few entitled to a *Homestead*, whom they have good reasons to believe, will not avail themselves of its benefits to cut them out of their bills. Thus a large class of our citizens receive little or no medical attention. We are reliably informed, that in an adjoining county, the sick have been known to die for want of medical attention. Out of 7 physicians in that county only 2 have taken out license; and they are doing quite a select practice.

Will the Legislature then, unfetter the hands of physicians by securing them, and thus enable them to go out into all the walks of society and administer to the wants of afflicted and suffering humanity? We hope it will. We will see.

A CITIZEN.

GEN. QUESADA AND CUBAN OFFICERS.—Gen. Quesada, lately in command of the patriot forces in the island of Cuba, passed through this city Sunday night from Savannah for Washington on diplomatic business. He was accompanied by Col. Loinaz, his A. A. General, Maj. Loinaz, Senor Castillo, formerly President of the Savings Bank of Havana, and the pilot of the yacht Anna, which recently landed a cargo of arms on the coast of Cuba. Gen. Quesada leaves Gen. Jordan in command of the Cuban forces. His mission to this country is very important.—*Wilmington Journal.*

For the Sentinel.

THE DRONE OR MALE BEE.

They commonly make their appearance in the hive in April, May and June, but are expelled by the workers in August and September. The workers build the cells in which the drones are bred, and the queen in healthy colonies, lays the eggs from which they are hatched. They are matured in twenty four days from the time the eggs are deposited in the cells. They receive the same treatment as the workers do. They and the workers are the offspring of the same mother, and have an equal claim to be regarded as constituent members of the colony.

When the old queen leaves with a swarm, there are but few drones hatched, unless swarming was delayed by unfavorable weather. Yet with the departure of the queen egg laying ceases and brood diminishes from day to day, so, by the time the young queen becomes fertile, the season will have advanced so far that the rearing of drones will be abandoned. Young queens very rarely lay drone eggs the first season.

Since the worker-eggs are susceptible of development as queens, they are unquestionably females; does not the different organization of the drones prove that they are males.

Drones being designed to fecundate the queens, and that only on the wing, they leave the hive from twelve to three o'clock on fine days, at which time the young queens make their hymeneal excursions.

Strong colonies alone and such as contemplate swarming, are the only ones that produce drones. After a swarm has departed, and when the young queens are making their nuptial excursions, the drones are always most numerous. A great multitude is indispensable to diminish risk, and prevent delay. An undue proportion of drones, however, is the result of bad management or of an unnatural condition of the colony. If a first swarm be put into a hive that is not too large, so that they can build it full of comb in a short time, they are not apt to build drone comb.

Bees are well aware that drones are absolutely indispensable in certain conditions of the colony. At the very time when, from want of pasturage and the unfavorable state of the weather, other colonies will destroy even the drone larva, those which are queenless and engaged in raising queens will cherish their drone-brood as carefully as they do the royal cells.

Queenless colonies continue to produce drones long after they have been expelled from those supplied with queens. For the special purpose of retaining drones in a colony late in the season to fecundate young Italian queens, it is only necessary to remove the queen from a colony before the drones are expelled. They will retain and foster them until a young queen emerges and becomes fecundated, or they be supplied with a laying queen.

HUNTER & SHUTZ,
Salem, N. C.

MYSTERIOUS DISAPPEARANCE.—We learn of a very sudden disappearance on the Southern train which arrived in this city last night. Two gentlemen, one rather an elderly man who registered his name as F. W. Lucas, from Athens, Ga., at the hotel, and a young man, a jeweler named Omer from the same place, were traveling together. When they reached the point where the railroad bridge connection branches off from the W. & M. R. R., about 7 miles from the city, the young man Omer got up from the seat where he had been sitting beside his friend and went out on the platform for some purpose. Here the train switched off on the connection. Omer's failure to return did not excite the anxieties of his friend until they reached the bridge at Mears' bluff and a change of cars was necessary. Mr. Lucas picked up Omer's shawl and satchel, supposed to contain jewelry and weighing about 30 pounds, and went through all the cars looking for his friend. He then called the conductor and a thorough search was instituted; but Omer was not to be found on the train. Mr. Lucas remarked to the conductor that he had his friend's shawl and satchel. Just then a man who had been sitting opposite the whole way stepped up and said the satchel was his. Not recollecting fully that his friend had a satchel, and suspecting no wrong, Mr. Lucas gave it up to the claimant, who took the through cars.

Mr. Lucas stopped in the city last night to hunt up his friend to-day. He now suspects foul play and fears Omer may have been shoved off the cars by the man who claimed the satchel for the purpose of getting hold of the jewelry it was supposed to contain. He will go back to the turnout on the Southern train this morning, and see if he can find the body of his friend, if dead, or ascertain something of his whereabouts, if living. The whole affair is mysterious.—*Wilmington Journal, 2nd.*

"The Norfolk Oil and Fish Guano COMPANY'S.

PHOSPHATIC FISH GUANO,

PRICE $50 PER TON OF 2,000 lbs., AT NORFOLK VA.

Manufactured at Norfolk Virginia.

This article is much superior to the Peruvian Guano as a fertilizer. It contains a much larger percentage of bone phosphate and soda, and nearly as much Ammonia, its effects upon the land will be seen for years.

The following extracts from certificates received from those who used it last year upon Cotton will have the effect to remove the prejudice produced by the use of manufactured fertilizers, and give confidence in this home made article.

R. Leberman, Esq., of Bertie county N. C., writes: "I have used your Phosphate Fish Guano in equal quantities side by side with Peruvian Guano and found the product much in favor of your article, the weed was larger, Cotton heavier and the plant kept green through the dry Summer."

J. J. Horton of same State, writes to the same import. Our Circular for January 1870, contains these and other certificates in full.

CITY AND STATE ITEMS.

FRIDAY, MARCH 4, 1870.

☞ Isho. N. Ramsay, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

New Ads.—Forty thousand pounds Smoking Tobacco; a big pile, but offered every month, by W. G. Stronach & Co. We have a liberal sample on hand, which we shall try and then report on.

Cotton Seed Oil, for mixing with outside paints: Upchurch & Dodd.

Don't overlook the auction to-night at W. H. Jones & Co.'s.

Mechanics' Building and Loan Association meets to-night at the Court House.

"Smithfield."—We do not publish anonymous communications.

Spectacles Lost.—This Local had his spectacles to disappear most mysteriously yesterday, and would be very glad to hear from them and know where they are, even should he never see them nor see through them any more.

The Tableaux To-night.—The Ladies could not get ready for their Concert and exhibition of tableaux last night, but they will have everything arranged for to-night and to-morrow night, for a grand display of scenes and singing of songs, equal to, if not exceeding, anything of the kind witnessed in Raleigh heretofore.

The exhibitions are to be superb; the charades of the most witty and mysterious character, and the music charming; and all to be so arranged as to give some of the best of each on each night, but so pleasantly and prettily rendered as to prevent any one present from being able to determine which was really best.

The price of admission is fixed at 25 cents, Reserved seats 50 cents.

Tickets for sale at the Book Stores.

Mrs. Gettinger, that enterprising and so deservedly popular lady, is now in the Northern Market, buying her Spring and Summer stock of millinery, see advertisement.

Personal.—We have had the pleasure of meeting in this city, several times for the last two days, Maj. Engelhard, of the Wilmington *Journal*, who is looking extremely well. The Major has been up on a little trip of relaxation and to peep in upon the hands. He returned eastward last night.

People's Building and Loan Association.—This Association, recently incorporated by the Legislature, met in the Court House, on Wednesday evening, for permanent organization. The following officers were elected, viz:

President: Jno. G. Williams, Esq.

Secretary: Maj. Seaton Gales.

Treasurer: Sam'l. C. White, Esq.

Attorney: R. C. Badger, Esq.

Directors: R. H. Battle, Jr., J. M. Betts, B. P. Williamson, Jno. Primrose, W. G. Upchurch, C. B. Root, T. H. Briggs, Peter R. Fleming and M. Rosenbaum.

Upwards of 600 shares of stock was subscribed at the meeting,—an excellent beginning.

There is ample room in Raleigh for both of the Associations now in operation, and we believe that they will prove profitable to all concerned and generally advantageous to the community.

The next meeting of the "People's" will be held on to-night week. Further advertisement will be made in due time.

We noticed in the city yesterday, a number of gentlemen from about Statesville and other points on the W. N. C. Railroad, and was informed that they were here to give testimony before Mr. Welker's investigating Committe, about a certain little bill that, by some means, obtained all the forms of a law, it is said, without the usual routine which bills have to pass through to become laws, and for which, it is also alleged, somebody paid a good round sum.—We suppose the committee will be able to report soon.

Out on the Right Side.—Messrs. J. F. Long and J. L. Nelson, editor and publisher of the *Eastern Intelligencer*, have come out in a card, taking ground in opposition to the Radical party of this State. They are not particular what they may be called, whether Democrats or Conservatives, or Conservatives Democrats, but they are determined to battle against the fraud, extravagance and mismanagement of the present Radical administration, and all who belong to or sustain it. We can say to Messrs. Long and Nelson that there are many thousands in the State who have come to the same conclusion, and only await an opportunity to carry it into effect.

Howe's Musical Monthly, for February is on our table. It contains many new pieces, both songs and instrumental, and to persons of musical pursuits must prove a valuable addition to their musical libraries.

Physicians Use Them in Their Practice.

It is almost universally the case that Physicians condemn what are generally known as "Patent Medicines." Although DR. TUTT'S LIVER PILL IS NOT A PATENT MEDICINE, yet its composition (the result of years of study) is known only to himself, and so palpable are their valuable curative properties, that very many of the first Physicians in the South and West have adopted them in their practice, and recommend them to their patients.

SUPREME COURT.

[Reported expressly for the Sentinel by the Deputy Clerk of the Supreme Court.]

THURSDAY, March 3.

Court assembled at the usual hour.

The case of Anson Critcher vs. Addison McCadden, from Granville, was called and argued by Rogers for the plaintiff and C. M. Busbee for the defendant.

Christmas vs. Jones, from Warren, continued.

L. P. Bayne vs. David A. Jenkins, Public Treasurer, Rogers and Batchelor for the plaintiff, and the Attorney General and Battle and Sons for defendant, continued to next term.

Holden vs. Harris, and Sloan vs. Harris, continued to next term.

Sluder vs. Rogers, from Buncombe. On motion of Mr. Merrimon, the widow is relieved from the payment of the costs incurred by her in this Court, and the Clerk is directed to collect the cost out of the assets in the hands of the administrator.

At 11 A. M. Court adjourned until to-morrow, 10 A. M.

The arguments close to-day. One hundred and thirty-nine cases have been argued at this term. Court will be open to hear motions &c., until next Tuesday, when the Court will probably adjourn to the first Monday in June.

For the Sentinel.

Lake Out, Feb. 26th 1870.

Mr Editor:—It is strange to see with what indifference the people of the State pass by the careless, reckless, wholesale legislation of the General Assembly. It is true, so far as the new fangled laws effect the *modus operandi* in the Courts, this is criticised by the Bar. But this is only that attorneys may take care of their clients. Beyond this they do not dare to open their mouths. They are mum, stolidly so in the presence of the great mogul—Reconstruction. It was not so in former days. Then if a law was enacted that was unwholesome, it was the theme of conversation in nearly every well informed circle, especially among gentlemen of the legal profession. It should be so now.—But it is not. The better informed class of our citizens fold their hands sit stolidly, and seem to say, "as we cannot hold office we can do nothing." This is as *criminal* as erroneous. Much conversation, corrects and directs public opinion, and this reforms bad laws. And now while the honest Republicans (and there are some) are on the stool of repentance, both in and out of the Legislature, let the good work of constantly discussing the many silly laws passed during the past twenty months, be entered into, earnestly but dispassionately by the intelligent men of the State, and good will follow. To neglect this longer will be cruel, and tend greatly to perpetuate the ruin of the State.

Conventions of the people to devise plans for a campaign are well enough. They send active workers into the field. These are the harvesters, but the reading, thinking men of the State, do, (*used to do,*) most of the tilling. Then up again, ye lovers of the Old North State, and do your part.—There has been no such time since the close of the war, for intelligent men to do good, as *now*. The harvest is ripening rapidly, put off your lethargy, and be men again.

Respectfully,

X. Y. Z.

Death of an Eminent Minister.—Dr. William Andrew Smith, an eminent minister of the Methodist Church, died at the residence of the Rev. Dr. Granberry, in this city, night before last. In the death of Dr. Smith, the Church has lost one of its most gifted and devoted sons. For forty-five years he has been engaged in the ministry. From 1823 to 1866 he was a member of the Virginia Conference, and was for a number of years President of Randolph Macon College.

At the close of 1866, at the earnest solicitation of friends in St. Louis, he removed to Missouri, and there, as Pastor of Centenary church in St. Louis, and as President of Central College, he has been engaged with his wonted zeal and industry in building the "fortunes of Methodism."

The life-long ministry, the commanding talents, the laborious zeal, the success of his pastoral labors, have not only given him fame in the Church, but secured for him in every period of his public life, its respect, its confidence, and its love. In the great public events in the history of American Methodism since 1826, no man has occupied higher ground, or had a wider influence than Dr. Smith.

In 1859, after, by almost superhuman labors, succeeding in raising a subscription of nearly one hundred thousand dollars for the endowment of Central College, he returned to Virginia to recover, among its mountain scenery, its medicinal waters, and the association of old and loving friends, the worn and wasted energies of his once robust and powerful physical system. It was too late. He had taxed his frame and powers to their extremest point. Each friend that greeted him, came, and grasped his hand, and looked on his wan and weary form, felt he would find a grave where he sought health, and strength, and life.

He was present at the late meeting of the Virginia Conference in this city, but his health was exceedingly feeble, and it was evident to his brethren and friends that his days on earth were nearly numbered.—He has steadily declined since that time.—The parting scene between this great and good man and his brethren in the ministry, Bishop Doggett, Dr. Lee, Dr. Edwards and Dr. Granberry, was a very affecting one. He filled high stations in his Church, devoted his life to the welfare of others, was universally beloved, and has gone to his reward.—*Rich. Ex.*

The Season and its Dangers.

The human body is chiefly composed of tissues and fibres as sensitive to every change in the condition of the atmosphere as the most delicate thermometer, or the quicksilver in a barometer tube.

The stomach, the skin, the nerves, the lungs, and the excretory organs are especially liable to be affected by these variations, and the best defence against their disastrous tendency is to keep the digestive machinery, which feeds and nourishes the whole system, in good working order.

If the stomach is weak or disordered neither the blood nor the bile can be in a healthy state, and upon the fitness of these two important fluids for the offices assigned to them by nature, and the regularity of their flow, health in a great measure depends.

When the air is heavily laden with chilling vapors, as it often is at this season of the year, the digestion should be an object of peculiar care. If it is weak and languid, the whole physical structure will be enervated. If it is vigorous, the entire organization will be strong to resist the untoward and depressing influence of a damp and vitiated atmosphere.

A pure and powerful tonic is therefore especially needed as a safeguard against the diseases most common in the spring, and Hostetter's Stomach Bitters being the most wholesome and potent medicine of the class at present known, a course of it is particularly advisable at this period of the year. The stomach will thereby be toned and strengthened, the liver and bowels regulated, the nervous system braced up, and nature put in a state of active defence against the miasma which sap insidious intermittent and remittent fevers, rheumatisms, nervous debility, headache, hypochondria and other complaints which are apt to assail the untoned and unfortified organizations. The body is strengthened without exciting the brain, and consequently no unpleasant reaction follows its reviving and renovating operation.

Wednesday Night Dispatches.

WASHINGTON.

Washington, March 2.—Revenue to-day $730,000.

The Committee on Printing have commenced investigating the charges against Public Printer Clapp.

It is presumed in navy circles that something vessel than the Bombay struck the Oneida and that both went down.

Butler will press the Georgia bill as soon as the Indian appropriations are over.

Bullock addressed the Senate Judiciary Committee this morning.

The President to-day nominated Chas. H. Lewis, of Va., Minister Resident to Portugal.

Last Monday, the Senate being in executive session, on motion of Sumner, the door were opened for a moment and during this interum of open session of about a minute, a reason was made to reconsider the vote on the passage of the so called omnibus disability bill, and that motion is still pending. The motion assigned for this action is to reach the case of ex-Senator Clingman of N. C., who is among the number whose disabilities are to be removed by the bill.

Whittemore says his friends in South Carolina have arranged for a series of public meetings in his district, which will be addressed by him on vindication of his conduct in the disposal of the cadetship; the object is to arrange for his re-election to Congress.

The Senate, in executive session, postponed, until the 21st, action on the nomination of Bradley by a vote of 30 against 28. This gives time for passing the law which will give Louisiana, Texas and Mississippi, a Judge resident within the district.

The Judiciary Committee's report in regard to Georgia, states, in effect, that the Legislature of 1868 was legal, and the 4th governmental throw-over and was permanent, and that the recent organization of the Legislature was arranged by law. 1st. In the control and direction of its proceedings by Harris. 2nd. In the exclusion from taking the oaths and from seats of those members elect who offered to swear in. 3rd. In the seating of the persons not having a majority of the votes of the election.

The Committee feel justified in omitting to recommend any further legislation.

Senate.—A resolution was introduced and laid over for further consideration, requiring the President to communicate whether any measures have been taken to suppress the slave trade on the coast of Africa.

The funding bill was discussed. Sumner read a long printed speech, dissenting from the views of the Finance Committee in regard to the nature of the bonds in which the debt should be funded.

House.—Indian appropriation bill was discussed. A conferring treaty, Butler said that since passing the amendments all were unconstitutional and void.

"Astral" Oil.

Unlike many other Illuminating Oils, is *perfectly pure*, and free from all adulterations or mixtures of any kind. It emits no offensive smell while burning, gives a soft and brilliant light, and can be used with the same assurance of safety as gas. Chemists pronounce it the best and safest Illuminating Oil ever offered to the public; and Insurance Companies indorse and urge upon consumers the use of the "Astral" Oil in preference to any other. It is now burned by thousands of families, and in no instance has any accident occurred from its use; a lamp filled with it, if upset and broken, will not explode. *To prevent adulteration*, the "Astral" Oil is packed only in the Unsurpassed Patent Cans, of 1 gallon and 5 gallons each, and each can is sealed in a manner that cannot be counterfeited. Every package with uncut seal we warrant. Be sure and get none but the genuine article, Pratt's "Astra." Oil, for sale by dealers everywhere, and at wholesale and retail by the proprietors

No Life Insurance Company in the United States offers superior advantages for insurance or investment, than the St. Louis Mutual. It is managed by gentlemen of the highest capacity and standing and it enjoys the largest confidence of those acquainted with Insurance Companies.

Its Policies are liberal; its premiums moderate and made easy; its losses are paid promptly; and its investments are made on the most solid basis, being principally in improved real estate worth twice the amount insured, paying ten per cent per annum.

All its Policies are non-forfeitable and all participate in its profits from the beginning.

Dividends declared and applied annually to policy holders on the contribution plan.

The Company is strictly Mutual, and the profits of its business are paid not to stockholders but to its policy holders.

An equitable surrender value paid to all who through misfortune are unable to keep up their policies.

The Georgia Mutual

IS A HOME COMPANY,

Owned and conducted by Southern men. It employs its funds at home for the benefit of Southern enterprises.

IT IS THE PIONEER COMPANY OF THE SOUTH, in all the new and liberal features of LIFE INSURANCE, presenting advantages not offered by any other Company, note the following points.

1st. Low Rates of Insurance, with a credit of one third, the Premium as a perpetual Loan.

2d. THIRTY DAYS GRACE for the payment of all premiums, and the Policy held good for that length of time.

3d. Policies Non-forfeiting after the first payment.

4th. Policies indisputable from any cause save fraud.

5th. No restrictions of Residence, Travel or occupation.

6th. It is a Mutual Insurance Company, ninety four per cent of the Profits are divided among the insured, on the contribution plan, and as money commands higher rates of interest in the South than North or East, the probability is almost certain that the dividends will exceed those of Northern Companies, this reducing the premiums to their lowest actual cost.

7th. Under the Charter of this Company, Policies of insurance are not subject to the debts of the Insured. Policies in favor of a wife or children are payable to them or their guardians direct.

8th. This company issues policies guaranteeing six per cent. compound interest in addition to the insurance of the amount insured. Parties about to insure would do well to examine the tables and plans of this company before insuring in any other company. THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the ruins of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

VALENTINES—SOMETHING NEW.

Owing to the fact that some who have received Valentines wish to reciprocate, and others who have not, wish to send some, that they in turn may receive, Cupid will allow them to be sent during the entire month of February this year. And in order to assist in this accommodating arrangement, I have just opened a new lot of sentimental ones, which will be sold at half price.

LIFE INSURANCE.

THE LEADING COMPANY IN NORTH CAROLINA IS

THE ÆTNA LIFE,

OF HARTFORD.

JULY 1ST, 1869.

Amount of Assets $12,000,000.00.

DIVISIBLE SURPLUS $2,675,999.48,

AND CONSTANTLY INCREASING.

ALL THE SURPLUS OF THE COMPANY DIVIDED AMONG THE ASSURED.

DIVIDENDS DECLARED AND PAID ANNUALLY ON THE CONTRIBUTION PLAN.

ALL POLICIES (AFTER TWO FULL PAYMENTS) NON-FORFEITABLE, AND SO EXPRESSED ON EACH POLICY.

No Restrictions as to Residence and Travel in the United States.

RATES LOWER THAN ANY OTHER COMPANY THAT PAYS DIVIDENDS TO POLICY-HOLDERS.

IT ISSUES ALL THE VARIOUS FORMS OF LIFE AND ENDOWMENT POLICIES.

LOSSES PAID PROMPTLY IN CASH.

LIST OF LOSSES ACTUALLY PAID BY THE ÆTNA LIFE INS. CO., AT THE BRANCH OFFICE, IN RALEIGH, BY THE HANDS OF W. H. CROW, GENERAL MANAGER OF THE STATE AND PART OF VA.

No.	15,273	$ 5,000
"	18,018	5,000
"	18,507	5,000
"	24,692	3,000
"	27,512	10,000
"	38,650	5,000
"	42,974	2,500
"	35,802	10,000
"	48,793	3,000
"	16,159	5,000
	and a cash Dividend of	78
"	42,676	2,000
"	43,330	5,000
"	51,136	2,000
"	14,598	10,000
"	40,266	5,000
"	42,975	5,000
"	22,304	15,00

And $5,000 ready to pay a loss of No. 34,161, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$18,54
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,94
JOHN HANCOCK,	18,27
THE NATIONAL,	63,48
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed assets amounting up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,327 new policies, more than any other Company except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
